

SENATOR VENDITTE: Mr. President, members of the Legislature. question of Senator Barnett. Senator Barnett, when we vote on this Criminal Code, we're talking about four different sections, is that not correct?

SENATOR BARNETT: Thirteen articles.

SENATOR VENDITTE: Okay. Criminal Code, what, 38, 39, 40, 41?

SENATOR BARNETT: Yes, but we will be voting just on 38 at this time.

SENATOR VENDITTE: We will not be voting on the Criminal Code as a package, but we'll be taking them per bill.

SENATOR BARNETT: LB 38 first, 39 second, 40 third and 41 fourth.

SENATOR VENDITTE: Thank you Mr. President.

PRESIDENT: Alright. That completes the designated hour for the Criminal Code. We go to subsection (b) under 6, LB 33 and 33A.

CLERK: Mr. President, LB 33 has been considered by the Legislature. The amendments that were placed on the bill have been adopted. There is now a new amendment offered by Senator DeCamp. (Read DeCamp amendment found on page 1366 of the Journal).

PRESIDENT: Senator DeCamp.

SENATOR DeCAMP: Just a very minor amendment that I'm sure Senator Koch will want, eagerly. It guarantees that in the accountable receipts, the parking meter fines, that according to the Constitution and the Attorney General's opinions they're supposed to be given to the schools, will either be given to the schools, or they'll credit them as part of their accountable receipts. Of course, if the schools have to count them as part of their accountable receipts I'm sure they'll take whatever measures are necessary to get this money. It merely ensures that the Constitution is complied with, I think. I'm sure he wouldn't be opposed to that.

PRESIDENT: Senator Duis.

SENATOR DUIS: Mr. President, a question of Senator DeCamp. Senator DeCamp, didn't we take care of that in 274? I don't think your amendment is necessary here.

SENATOR DeCAMP: No, I don't think we did take care of that in 274.

SENATOR DUIS: Would you take a peek at 274 before you make the answer, because in committee we put in that particular stipulation that the parking meter fines would go to the schools.

SENATOR DeCAMP: That is already in the law. They're not following the law. So all I'm saying is if they don't follow the law in the state aid formula, of course, they are an accountable receipt, we're still going to count them whether the school insists on getting them or not. If the school wants to give away their money merely to get more state
